

## Vision

**We strive to be the interior millwork supplier of choice to the finest homebuilders and remodelers in New England.**

## Mission Statement

We will deliver superior products and services to our customers with speed, discipline, and accuracy through knowledgeable, dedicated team members. We aim to be the company that people want to work for and that quality suppliers will choose to partner with. We will achieve this by:

- ❖ Doing our best to ensure we 'always get it done right the first time' so that our customers can do the same
- ❖ Fostering open and frequent communications with both our valued customers and team members
- ❖ Being responsive, accurate and knowledgeable in all interactions
- ❖ Solving problems, not creating them
- ❖ Creating a positive, healthy, and effective work environment
- ❖ Being a company where ideas are welcomed, not challenged; where opinions are sought, not stifled
- ❖ Having dedicated employees who come to work to make things happen, not to watch things happen
- ❖ Being committed to innovation of new products, services, and processes, in order to maintain our competitive edge
